Break guaranteed

At the World Championship we will have 2 double rounds (days with one round in the morning and one round in the afternoon). A few of our past participants have informed us that they were quite exhausted after the double round. So we offer all participants the opportunity to 1 or 2 „breaks“. This is not mandatory for any participant, it is a choice! These breaks are called „BYE“s in chess language.

A „BYE“ is when you as a player tell the arbiter before the next round that you want to pause the next round . Then you will not be included in the pairings for the next round, but still get half a point. So you can relax, yet not slip off in the table. 25% of the players make use of it.

It is possible to take a „BYE“ exclusively at the two match days when a double round is played. So you can come after the morning round to the arbiter and tell him that you want to take a „BYE“ for the next round, which is played in the afternoon.

Then you are not included in the pairings and get half a point. The next rounds you will be paired regularly. The possibility of a „BYE“ is only possible twice, only at the 2 match days with double rounds.

A „BYE“ gives you a break which you can use to relax and recharge your batteries. At the same time you get half a point for the missed round. This leads to an even more relaxed tournament for many players.

What participants say about previous ACO World Championships

“The participants are all very relaxed. Nothing is missing. A beautiful holiday tournament in a world-class atmosphere, with a great price-performance ratio.”

Peter Trzaska

„A big thank you to the ACO-Team for the organization of the World Amateur Chess Championship. The tournament, its realization, the complete supporting program as well as the entire hotel (team) had to show an enormously high quality, which absolutely lived up to the claim of a world championship. I'm looking forward to participating in this great tournament next year, to enjoying the Greek sun and the food and meeting the nice people I met again“

Marco Siebarth

„I was there for the first time. And I am thrilled. So many opportunities to play and experience chess as a simple amateur, with free water, coffee and tea on the board, to talk to so many people from other countries, in such a beautiful place, with a great tour on a day off, with the best and more than abundant cuisine, and all this in a pleasant atmosphere that you spread. Thank you very, very much! Best regards from Switzerland“

Ruth Huber

“It was my first holiday in Greece and my first participation in a World Amateur Championship and I was looking forward to it for months. My expectations of a great time were exceeded in all areas. The fantastic hotel complex with the best conditions for such an event left nothing to be desired; the good service of the staff, the excellent kitchen as well as the hotel's own sandy beach made it perfect and you could really enjoy your stay in a wonderful climate.

At this point I would like to praise the organizers, who had the preparation, management and execution of the tournament (including the side tournaments) up to the pairings and the festive award ceremony completely under control and ensured a perfect and smooth process, this was also confirmed by the other participants! Many thanks to GM Falko Bindrich and family Hirneise!

As a subscriber to Rochade Europa, I have been following the tournament for years and have now decided to participate. I can highly recommend it to any chess lover who wants to play a tournament in a relaxed atmosphere (Chess and Beach) in combination with a holiday feeling. Even my personally worst tournament result (there's such a thing as that) will not cloud my memory of this beautiful time. Professionally and family-wise it fits with me with a participation at the earliest again in two years, but I can look forward to it already now.“

Andreas Borchert

"I was lucky to have the chance to take part in the ACO Amateur Chess World Championship and I can simply say that it was the best organised event I have ever taken part in! The organizers took care of every detail and made all the players feel special. The venue was great, with lots of space and good lighting. I also liked the side events (blitz tournament etc.) provided free of charge by the organizers. The schedule of the championship was well thought out and there was enough time for family and friends and to explore the island. All in all a great event and great initiative of the organizers! Bravo! I really hope that I can make the tournament an integral part of my family's calendar and I hope that more and more people will support ACO and participate in future championships!"

Constantine Ananiadis 

"Hats off and a big round of applause for the whole ACO team for another brilliant achievement! The friendly atmosphere at the tournament reached a level I have never experienced before at a chess tournament. Ever. The fact that the organisers recognised me directly from last year may not have been so surprising, but the fact that they all seemed to know the players by name after just a few days was really impressive and contributed greatly to everyone feeling they were part of the ACO family"

Mikael Svensson 

"Although I did not know exactly what to expect, I would say that all my expectations were exceeded. Despite the heat outside, there was a lot of warmth and friendliness in the hotel. This friendliness came very strongly from the people who hosted the tournament.

A big compliment to the ACO team for their ideas, hard work, friendliness and professionalism. The whole organisation was simply perfect. There were no incidents, the sportiness was of a high level and there was a lot of contact between the organizers and the players. These contacts continued after the tournament.

Harry Wubs 

"Dear chess friends. I am very happy about the nine days at the World Amateur Championship! A great chess atmosphere, great chess players, great people and great friends. Thank you for organizing this perfect event and also for the blitz tournaments! I really liked them! Thanks again for so much chess, chess and even more chess on Greek islands!

Antonio Maset 

"A big praise to the ACO team, which took care of all participants with a lot of dedication. It was my first participation and I will never forget it not only because of the final result. Everything was well organized, the tables and boards were very well prepared, and despite the large number of participants there was enough room to move freely around the hall and watch the other games. On the match-free evenings, the ACO team organised either blitz tournaments or interesting lectures by the great and very humorous Latvian Grand Master Lanka, who speaks excellent German. I take my hat off to the organizers, who tirelessly provided a great atmosphere every single day. I look forward to next time!"

David Moreno Rivilla 

„The participants thanked the organizers for an extraordinary, outstanding organizational achievement at the closing event with long lasting applause, which already has cult status after only a few years. Analogous to the Olympic motto, here too, it is more important to be part of it than to win. With this in mind I would like to thank the organizers for a top organization that is unique in this form.“

Uwe Ritter

„What a great idea to combine a beach vacation with chess. Two things you love. As always, chess was fun. But we are also on holiday and had a great time. It was a great chance to make new friends. Language is not a barrier. For a few minutes I analyzed our game together with my Russian opponent, he in Russian and I in English, both with hand and foot. And we both understood it! One of the many little extras was to have a brilliant grandmaster at hand to help you with game analysis. A real blessing for all participants. We were treated like kings and queens.“

David Gilbert

“The ACO World Amateur Chess Championship was organized at the highest level and leaves me with many very good memories. I am very happy about the tournament, especially with my result. There was a lot of chess, a lot of fun and new friendships were made. First of all I would like to thank GM Falko Bindrich and the Hirneise family for organizing this really perfect tournament. Thanks to you everyone gets the chance to play with

different opponents from all over the world, in addition even the chance to become world champion like me. I would also like to thank all my opponents and participants for the friendly atmosphere during the whole tournament. Finally, I would like to wish all past and future participants in ACO tournaments every success on the chessboard and in life.

Nikolay Gutsulyak

“Great atmosphere with ideal playing conditions, many interesting chess tournaments such as single blitz, team blitz, seminars, simultaneous exhibitions and excursions“

Vladimir Paleologu

It's not usually my way of praising everything - but it's true that I've never seen anything like this tournament before. The ACO team left nothing to be desired, they were always responsive. The big playing hall, lots of space during the games, free cold drinks and coffee, and not to forget the seminars and the blitz tournaments, it was great. The World Amateur Championship was therefore the best tournament for me in my amateur chess career. The hotel was clean and the players were warmly welcomed at the hotel reception. Players and accompanying persons had the same advantages. I don't have the words to express our satisfaction. All in all, it was absolutely incredible, and even better!! Will we be there next year? Yes! Of course!

General Business Terms For Travel Contracts

The following terms will come into effect when agreed upon the content of this travel contract between the client and us (the tour operator). They will add the lawful clauses of §§ 651a-m BGB (Civil Law Code) as well as the information guidelines for tour operators according to §§ 4-11 BGB-InfoV (regulations for information and obligation to produce proof according to civil law code) and fill those in.

1. Conclusion of travel contract / Client obligations

1.1 By booking (registering) the client offers us binding conclusion of the travel contract. The basis of this offer are the travel tender as well as our additional information for each respective tour as far as this is available to the client.

1.2 Travel agent (such as tourist office and service provider (such as hotels, shipping company) are not entitled to make agreements, disclose information or issue warranties which change the agreed upon content of this travel contract or to offer additional services outside those agreed upon or in disagreement with this tour tender.

1.3 We are not bound by place and hotel brochures, as well as internet tenders which were not issued by us, unless they were expressly declared to be agreed upon by the client, or became the content of our duty to perform.

1.4 The booking may be made orally, in writing, via phone, via telefax or via digital means (e-mail, internet). We will immediately confirm reception of booking with electronic bookings. This confirmation of receipt does not constitute acceptance of booking agreements yet.

1.5 The client is bound by all contract duties for those travelling with him, if he has issued booking for them. He is also bound by all contract duties for himself, as long as he has expressly and separately declared his duty to do so.

1.6 The contract becomes binding once access to our declaration of acceptance has been made possible. This is not bound by any particular form. During or right after completion of contract, we will send written confirmation to the client. We are not bound by this if the booking by the client was made less than 7 days prior to the start of the tour. Special wishes and registrations are only valid if they are confirmed by the host in written form.

1.7 If the content of our declaration of acceptance deviates from the content of the booking, then this is considered a new offer by us, to which we are bound for the duration of 10 days. The contract will be based on the basis of this new offer, if the client issues acceptance through express declaration, deposit or final payment.

2. Payment

2.1 To secure client money insolvency insurance will be made.

2.2 After completing the contract, a deposit of 20% of the travel price will become due. The deposit will be redounded to the cost of the tour. The rest of the payment must be made at least 28 days prior to the beginning of the tour (declaration of reception of payment), as long as the insurance certificate has been handed over and the journey can no longer be cancelled due to the reason stated in Nr.7. Payments have to be made based on the bill number stated on the travel confirmation agreement.

2.3 If the client fails to make deposit or payment until the agreed upon payment dates, then we are entitled to step back from the travel contract after admonition and to debit the client with any associated costs according to Nr. 5.2 Sentence 2 until 5.5. Without full payment of the tour price, there is no claim for a fulfilment of the tour services.

3. Changes Of Service

3.1 Changes of essential tour services of the agreed upon content of the travel contract, which become necessary after making the conclusion of contract and are not brought about against belief or faith are only permitted if the changes are not severe and they do not inhibit the overall terms of the tour.

3.2 Eventual warranty demands remain untouched, as long as the changed services are not subject to deficiencies.

3.3 We are bound to inform the client about essential changes of services immediately after determining the reason of change.

3.4 In the case of a severe change of any essential tour services, the client is able to step back from the tour contract or to demand participation in a tour of at least the same value, if we are able to offer such a tour without additional cost to the client from a selection of our offers. The client has to make these claims immediately after our declaration of changing the tour services or cancellation of the tour.

4. Client Resignation prior to begin of tour / Cancellation costs

4.1 The client can resign from the tour at any given time. The resignation has to be made in written form at our business address of Cannstatter Straße 13, 71394 Kernen, Germany. It is recommended to make this declaration in written form.

4.2 If the client resigns prior to the beginning of the tour, or if he does not enter the tour, then we will lose claim over the price of the tour. If the resignation cannot be justified or is a case of an act of nature, we may demand appropriate compensation for all travel preparations or expenses in connection with the tour costs prior to the tour.

4.3 We have tiered compensation claims in a chronological way, according to consideration of the proximity of date of the resignation compared to the agreed upon tour start. This is done in percentual relation compared to the cost of the journey. During the calculation of the compensation possible additional usage of the travel services will be taken into account. The compensation is calculated after the date of reception of the declaration agreement. This occurs in the following way:

Until 31 days prior to tour start 25%
starting from 30 to 25 days prior to tour start 40%
starting from 24 to 18 days prior to tour start 50%
starting from 17 to 11 days prior to tour start 60%
starting from 10 to 4 days prior to tour start 80%
starting from the 3rd day prior to tour start up until the start of tour or if tour is not entered 90% of the price of the tour.

4.4 Under these circumstances, the client has to prove, that no damage or less damage than expected came about than the flat fee that was demanded by him. We remain the right to demand higher and concrete compensation as long as we can prove that the damage incurred was higher than the respective and applicable flat fee. In this case we are bound to make available the demanded compensation with consideration of the saved expenses as well as other usage of the travel services. The lawful right of the client, to find a suitable replacement according to § 651 b BGB is not touched due to these terms.

5. Change Of Reservation

5.1 Client claims after completion of contract concerning the tour date, tour destination, the accommodation and type of transportation will not go into effect. If a client chooses to change their reservation, we will demand a EUR 50.00 fee in order to process the change.

5.2 Changes of reservation by the client which are made more than 30 days prior to start of the tour may only be carried out after stepping back from the travel contract according to Nr.4.2 to 4.4 and according to the terms mentioned there. In addition the client would need to register again for these changes to take effect if indeed they are plausible to make. This does not apply for changes of reservation which only cause minor costs.

6. Undrawn Services

If the client chooses not to utilize individual services which were offered to him, especially if this is due to reasons that were produced by him (such as premature return journey) then he will not be able to file claims on partial reimbursement of the tour cost. This duty is not applicable if the services concerned are irrelevant or if lawful or regulatory provisions have been made against them.

7. Resignation due to non achievement of a minimum number of participants

The minimum number of persons for the World Amateur Chess Championship 2020 on Rhodes (16th-25th May 2020) is 300 persons (sum of players and accompanying persons until 1st of March 2020)

We may only resign from the travel contract due to not achieving a minimum number of participants if:

- a) we specifically defined a minimum number of participants in our travel brochure as well as the date until which the client has to forward a declaration prior to the beginning of tours.
 - b) if the travel confirmation document specifically mentions the minimum amount of participants as well as the latest date for return, and reference is made to the appropriate data inside the tour announcement.
- Resignation has to be made apparent to the client at least 5 weeks prior to the agreed upon date of the tour. If at an earlier date it becomes apparent that the minimum number of participants will not be reached, then we will immediately be forced to utilize our right to resign. If the tour is not being carried out due to this reason, the client shall receive back all the tour payments he has thus far made. Any additional claims for compensation are ruled out.

8.Cancellation based on behavioral reasons

We may cancel the travel contract in compliance with our terms, if the client continues to disturb or if he decides to act against the terms issued in this document in such a way, that our cancellation can be justified. If we decide to cancel, we remain the right to keep the amount of the tour price; we must however calculate the value of any saved expenses, as well as those advantages which were not utilized as part of any alternative usage, including the amounts made by service providers.

9.Contribution duties of the client

9.1 Announcement of deficiencies

If the tour is not being delivered according to our terms, the client may demand remedy. The client is however bound to announce any deficiencies concerning the tour immediately. If the client fails to do so it becomes impossible to lower his tour price. This does not apply when the announcement is apparently pointless or is unacceptable for any other reasons. The client is bound to make his announcement to tour guides immediately upon arriving at destination. The client will be instructed on our description of services through our tour documents. The tour guides are instructed to ensure remedy if possible. They are however not entitled to recognize any claims filed by the client.

9.2 Setting deadlines and cancellations

If a client decides to cancel his travel contract due to important, recognizable or unreasonable circumstances, he must set an appropriate deadline to receive remedy according to § 615 c BGB. This does not apply when remedy is impossible or is being denied by us or the immediate cancellation of the contract becomes appropriate due to a recognizable client interest.

9.3 Travel documents

The client is bound to inform us, if the appropriate travel documents (such as hotel vouchers) are not received within the date range specified by us.

10.Limitation of liability

10.1

Our contractual liability for damages, excluding bodily harm, is limited to triple the tour price.

- as long as harm to the client was not caused on purpose or due to negligence or
- as long as the damages incurred to the client were merely due to the service provider.

10.2

Our delictual liability for damages which are not based on purposeful destruction or negligence, is limited to triple the tour price. This highest amount of liability always accounts for client and journey. Any additional potential claims in connection with travel luggage are based on the treaty of Montreal and remain untouched by the limitations.

10.3

We are not responsible for disturbances of service, personnel or property damage, in connection with the service, which are merely being referred (such as tours, theater visits, exhibits) if these services are not expressly made apparent in the travel ad as well as the bookings confirmation and are not declared specifically as foreign services so that the client may recognize that they were not a part of our tour services. We are liable for
